MASTER'S PROGRAMMES AT THE UNIVERSITY OF VAASA, FINLAND

UNIVERSITY of VAASA
Finland

International Master's Programmes Offered by the University of Vaasa

Master's Degree Programme in International Business

The Master's Degree Programme in International Business focuses on the identification and management of challenges arising from planning, controlling, and coordinating business activities on an international scale. The programme leads to a Master of Science in Economics and Business Administration degree.

Master's Degree Programme in Finance

The Master's Degree Programme in Finance focuses on the theory of finance and financial analysis from an international perspective. The areas covered by the programme include corporate finance, investments, and option theory. The degree awarded by the programme is a Master of Science in Economics and Business Administration.

Master's Degree Programme in Intercultural Studies in Communication and Administration

The Master's Degree Programme in Intercultural Studies in Communication and Administration focuses on questions of identity and cultural difference and how these affect people's behaviour in international and intercultural contexts, combining humanities with management theories. The programme leads to a Master of Arts or Master of Administrative Sciences degree.

Master's Programme in Telecommunication Engineering

The Master's Programme in Telecommunication Engineering covers the basic technology, systems, and software tools needed in building communication networks and network services. The Master's Programme in Telecommunication Engineering leads to a Master of Science in Technology degree.

Master's Programme in Industrial Management

The Master's Programme in Industrial Management is oriented in the field of International Technology Management. The programme includes two fields of specialisation: technology management (material and production technology) or design management. The programme leads to a Master of Science in Economics and Business Administration degree.

All programmes comprise 120 ECTS and can be completed in two years. The language of instruction is English.
